<https://cpanel.hu/gdpr/>

Mailing services provided by EV2 Internet Kft.

4. RIGHTS OF USERS

Users may be informed about the usage of their personal data, and can request the modification, erasure, restriction of these data. Users may post their request to the address specified in point 2. above.

4.7. Reaction to requests

Data Manager undertakes to perform the requests as soon as possible, at most within 30 days – in case of urgent requests, within 15 days. User will be informed about the state of their request in writing.

4.8. Enforcement

Should the user feel that Data Manager does not react in a proper manner to their request, enforcement can be request at the National Data Protection and Freedom of Information Agency ((1125 Budapest, Szilágyi Erzsébet fasor 22/c.; <https://www.naih.hu/panaszuegyintezes-rendje.html>) or file lawsuit according to Hungarian Civil Code.

5. NOTIFICATION AND RESPONSIBILITY

5.2. Form and time of notification

All requests referred at point 4. shall be responded to electronically within 1 month. Depending on the number of concurrent requests or complexity of the request response time can be extended to another 2 months. Response by word of mouth will only provided upon identification of the User.

5.3. Identification

In special cases Data Manager will request identification of the User. This is done under the provisions of GDPR Act 5. (1) point f)

5.4. Cost of notifications

All notifications resulting from the execution of point 4. are free of charge. Should the request be unnecessarily repeated or the response requested is redundant, we retain our right to charge administrative costs.

6. DATA FORWARDING

6.1. Regarding social media

Data Manager is also on social media (Facebook, Instagram), thus if User “follows” or “likes” these we will access their profile information. Data management with regards to these social media will be handled by the service provider.

6.2. Regarding invoicing

Data Manager provides data with regards to its invoicing to the National Tax and Customs Agency according to the laws.

7. GOOGLE ANALYTICS

7.1. Google Analytics

Data Manager uses Google Analytics applications. Google Analytics uses so called “cookies” to enable analysis of the usage of the website of the Data Manager.

7.2. Cookies

User’s data created by cookies will be transmitted to one of Google’s servers and stored.

7.3. IP-address forwarding

Full IP-addresses are only forwarded to Google in special cases. These data will be used by Google to analyze how the User utilizes the website and to create reports.

8. MISCELLANEOUS

8.2. Usage for other purposes

Usage of personal data for other purposes can only be done if the Data Manager requests permission from User informing them about the purpose and receives confirmation for this activity.

8.6. Amendment

Data Manager retains the rights to modify its official privacy policy at any time. Data Manager undertakes to keep its official privacy policy updated at all times.

Applicable: 1st March 2020.
